

PLANT NAME	COMMON NAME	DESCRIPTION	EXPOSURE	SIZE	ZONE	LOW TEMP
Acorus gramineus 'ogon'	Japanese Ogon grass	spreading yellow & chartreuse foliage. Moist soil or water's edge. Can tolerate dry periods	sun or shade	1 foot		0
Aeonium 'Ballerina'		Succulent with green & white leaves. Usually 8" tall and sometime reverts back to the solid green variety. Winter growing.	full sun/part shade	>1 x 2	9.-11	32
Aeonium arboreum	Tree Aeonium	tall green tree like rosettes. Yellow flower spikes form from the center.	sun or shade	3 x 2	9.-11	32
Aeonium arboreum 'Atropurpureum'	purple aeonium	dark purple rosettes on multi-stalk plant. Yellow flower spikes	sun or shade	3 x 2	9.-11	32
Aeonium arboreum 'Zwartkop'	black rose aeonium	large purple rosettes on bare stems appear almost black.	sun or shade	4 x 2	9.-11	30
Aeonium haworthii	Pinwheel aeonium	bluish green with pale yellow & red tinged margins.	sun or shade	2 x 2	9.-11	32
Aeonium ixtilahuacan		purple with green center	sun or shade	2 x 2	9.-11	32
Aeonium 'kiwi'	Kiwi Aeonium	succulent with brilliantly tri-colored colored rosettes of green, yellow with red edges.	sun or shade	3 x 2	9.-11	30
Aeonium leucoblepharum		green spoon shape leaves with russet stripe in center	full sun	1 x 2	9.-11	32
Aeonium simsii		low mounding slightly fuzzy leaves with red flecks. Protect from hot inland sun.	full sun	.5 x 1	9.-11	32
Aeonium simsii x zwartkop	Tree houseleek	slightly fuzzy leaves with red margins. Low growing hybrid.	full sun/part shade	3 x 2	9.-11	32
Aeonium 'Voodoo'	Giant red aeonium	dark reddish beautiful rosettes on 4-5 foot tall stems.	sun or shade	5 x 3	9.-11	32

Agave americana 'Mediopicta alba'	white striped century plant	medium sized plant with bold greenish cream stripe in the middle of the leaves. Tall bloom spike appears when the plant is about 10 years old.	full sun	3 x 6		15
Agave attenuata	Swan neck agave	light green leaves without spikes, unlike it's other agave relatives. Protect from frost	sun or shade	5' x8'	9.-11	32
Agave desmettiana	Smooth Agave	medium sized upright agave with leaves terminating in a red/brown spike	full sun	4 x 3		20
Agave lophantha 'Quadricolor'	Quadricolor century plant	dwarf variety with yellow marginal stripes highlighted by dark reddish teeth.	full sun	1' x 2'		15
Aloe arborescens	torch lily	large densely growing succulent shrub. Coral-red flowers rise 2 feet above plant.	sun or shade	8 x 8		25
Aloe 'Blue Elf'	Blue elf aloe	narrow upright blue grey leaves. Tough compact plant develops red tones on leaves during dry periods.	full sun	1 x 2	9.-11	32
Aloe brevifolia	Crocodile plant	short leaved aloe forming rosettes of blue grey to green leaves with "teeth" resembling a crocodile.	full sun	1 x 2	9.-11	32
Aloe maculata	Soap Aloe	blue green in color & covered with little white blotches. Leaves have white "teeth" on edges. Coral blooms appear in winter. Protect from frost	full sun	1 x 2	9.-11	34
Alpinia purpurata	red ginger	tropical foliage with sweet smelling red flower spikes. Frost tender.	cool sun	6 x 3		32

Alpinia zerumbet 'variegata'	variegated shell ginger	spreading habit with variegated green and yellow leaves & waxy flowers on an arching stem.	light shade part sun	7 feet	8.-10	15
Artemisia Californica	CA sagebrush	evergreen subshrub with fine light grey-green leaves. This coastal favorite prefers sandy soil.	full sun	4 x 4		20
Artemisia 'Powis Castle'	wormwood	Evergreen shrub grows in a naturally mounting form. Dusty silver feather leaves.	sun or shade	4 x 6	4.-10	15
Begonia boliviensis		tuberous begonia native to Bolivia. Grows best in full sun where summers have a mediterranean climate.	cool sun			32
Berginia crassifolia	winter blooming berginia	evergreen perennial with green glossy leaves turning more red on the margins with exposure to the sun. Pink flower clusters appear in late winter	light shade or part sun	2 x 2		-20
Billbergia nutans	queens tears	This bromeliad is easy and fast to grow. Arching flower spikes have pink pendant flowers of chartreuse & purple.	shade	2 x 2		32
Billbergia nutans var. schimperiana	Giant queens tears					
Brugmansia 'Charles Grimaldi'	Angel's trumpet	full sized vigorous cultivar grows into a large shrub or small tree. Produces very large yellow/orange pendulous flowers. Poisonous, so do not ingest any of the plant.	coast sun or shade	8 x 15	10.-11	35
Bryophyllum delagoense	mother of millions	spotted tubular upright prolific succulent with orange red flowers.	full sun	3 x 2		32

Buddleia davidii	butterfly bush	Large semi-deciduous shrub with green grey leaves. Hard pruning will encourage more blooms produced in large panicles. Flowers are purple & smell of honey.	full sun	16' x 8'	5.-9	-10
Calamagrostis x acutiflora 'Karl Foerster'	Foester's feather grass	perennial grass which is drought & deer resistant. Nice border plant. Blooms spring-summer. Prefers moist soil in hot climates.	full sun	2' x 5'	5.-9	
Ceanothus x impressus 'Dark Star'		CA native suited for coastal climates. Dark green glossy leaves with royal blue fragrant flowers.	sun/part shade	8' x 6'	8.-11	
Centaurea gymnocarpa	velvet centaurea	fast growing sub-shrub with soft grayish-white leaves with purple thistle-like flowers.	full sun	4 x 8		20
Chlorophytum comosum 'variegatum'	spider plant	classic green & white stripe plant we all know and love. Works well in hanging baskets, or in the ground.	sun or shade	1.5 x 2		
Cistanthe grandiflora	Rock Purslane	succulent plant forming mounds of green grey leaves with tall pink flowered spikes.	full sun	2 x 3		32
Crassula capitella 'campfire'	Campfire crassula	low growing succulent leaves turn fire red as they mature in full sun.	sun or shade	1 x 2		32
Crassula multicava	Fairy Crassula	low growing succulent with broad green leaves.	sun or shade	1 x 1		20
Crassula muscosa	watchchain plant	apple green succulent groundcover	sun	1 x 3	9a-11	32

Cuphea micropetela	candy corn plant	small evergreen shrub with red stems & dark green leaves. Tubular flower appear in late fall and turn yellow	light shade	2 x 2		30
Dahlia imperialis	tree dahlia	tall canes produce single pink bell shaped flowers in October to February.	full sun	12-15'	9 & up	32
Dahlia imperialis 'California angel'	double white tree dahlia					
Dierama pulcherrimum	fairy wand flower	This suprisingly tough plant loves coastal winds & low temperatures. Pink bell-like flowers extend from the plant like a fairy wand.	full sun	5 x 5		15
Echeveria x imbricata	hens and chicks	popular succulent with tight rosettes of grey-green leaves. Red & yellow arching flowers form in early spring.	sun or shade	<1 x <1		25
Echium pininana		towering spike of blue flowers appear on 2nd year plant.	shade tolerant	15' tall	9b-11	
Erigeron karvinskianus	Santa Barbara Daisy	trailing groundcover with small white & pink daisy flowers all year round.	sun or shade	2 x 5		20
Euphorbia clandestine	Volstruisnek	erect columnar succulent usually with a single thick stem. Thin leaves conseal tiny flowers.	full sun	2 x 1		25
Festuca glauca 'Elijah blue'	Elijah blue fescue	cool weather clumping grass of light blue-grey. Tan flower stalks in summer.	cool sun	1 x 2	4 & up	0
Furcraea parmentieri		large succulent from souther Mexico with long blue leaves. Flowers are green & form on 12' spikes	full sun	12'-15'	9b-11	20

Hedychium gardnerianum	Kahili ginger, yellow	This ornamental plant grows thick green upright stalks which produce a chandelier of sweetly smelling flowers. Spreading habit.	full sun	4' x 4'	9.-11	
Heuchera maxima	Channel Island Alum root	Evergreen perennial with large green leaves and pale pink white flowers in spring.	cool sun	2 x 2		10
Heuchera sanguinea 'Splendens'						
Heuchera x brizoides 'Firefly'	Firefly Coral bells	green foliage with bright scarlet flowers in late spring. Forms an attractive groundcover.	cool sun	2 x 2		15
Hydrangea macrophylla	bigleaf hydrangea	all time favorite mophead flowers change brilliant colors in late summer into fall.	full sun	5' x 5'	6.-11	-10
Hydrangea macrophylla	lacecap hydrangea					
Imperata cylindrica 'Rubra'	Japanese blood grass					
Iris 'Amethyst flame'	bearded iris	tall flowers in amethyst orchid color. Blooms mid-late season. 1958	full sun	3' x 1'	3-9b	
Iris 'Crimson king'	intermediate bearded iris	purple with white beard flowers. Sweet grape fragrance. Will reblooms in mild climates. 1893	full sun	2' x 1'	3-9b	
Iris douglasiana	Pacific Coast iris	light purple blue flowers. Form dense clusters with little care. Drought tolerant once established.	full sun/ part shade	1'	8A-9B	10
Iris 'Merry ripple'	bearded iris	tall flowers in white & azure plicata markings. Early blooming. 1964	full sun	4' x 1'	3-9b	
Juncus effusus	common rush					
Juncus patens	California gray rush	upright grass-like plant forming dense clumps along the western coastlines.	sun or shade	2 x 2		15

Kalanchoe daigremontiana	Alligator's tongue	Upright succulent perennial with fleshy oblong grey green leaves. Tubular flowers.	full sun	3'	9.-11	
Kalanchoe fedtschenkoi	Lavender scallops	small shrubby succulent growing long stems which root along the ground forming large colonies.	full sun	2 x 2	10.-15	
Kalanchoe fedtschenkoi variegata						
Kalanchoe thyrsoiflora	flapjack plant	grey blue paddles with red margins on this succulent plant. Blooms on tall spikes.	full sun	2 x 3		
Kalanchoe tubiflora	chandelier plant	drought tolerant succulent which produces baby plants along the margins of the leaves. Orange flowers.	sun to light shade	4' x 1'	10b-11	
Lavandula stoechas 'Chica rose'	dwarf Spanish lavender	pinkish purple flowers and grows best in rocky soil. Prune in spring before new growth starts.	full sun	1-2'		
Ledebouria socialis	Silver Squill	evergreen bulbous perennial with teardrop shaped bulbs resting above the ground. Leaves are green grey with purple blotches. Pink flowers on stalks.	full sun	<1 foot		25
Leonotis leionurus	lion's tail	fuzzy tubular orange flowers on a bushy plant.	full sun	8' x 6'	8.-11	
Lessingia filaginifolia	silver carpet	low growing perennial with silver grey leaves and lavender-pink daisy flowers.	full sun	<1 x 6		15
Libertia peregrinans	orange libertia	This colorful orange perennial spreads by rhizomes sending out 2 foot upright leaves.	sun or shade	2 x 2		20

Lonicera nitida	boxleaf honeysuckle	Perennial evergreen has long dark green leaves with orange-yellow heads of flowers rising 3-4 feet above the foliage. Clumping habit.	sun to light shade	4' x 5'		
Lysimachia nummularia 'Aurea'	golden creeping jenny					
Melianthus major	honey bush	fast growing evergreen shrub reaching 12 feet or more. Bluish green serrated leaves smell like peanut butter. Flower spikes are maroon & loved by pollinators.	sun or shade	12 x 12		20
Nephrolepis cordifolia	sword fern	erect sword shaped fronds held upright. Spreads by runners.	sun or shade	3 x 3		25
Ophiopogon planiscapus 'Nigrescens'	black mondo grass	VERY slow spreading evergreen perennial with black grass-like leaves. Small flower spikes appear in summer.	cool sun	1 x 1	6a & up	-10
Pelargonium citrosum	scented leaf	fragrant leaves smell of citronella. Sprawling.	sun	2' x 3'		
Pelargonium cucullatum ssp. Strigifolium		large shrub with rough cupped apple green leaves. Small lavender pink flowers.	full sun	2' x 6'		
Pelargonium 'Mrs. Taylor'						
Pelargonium quercifolium 'chocolate mint'	chocolate mint geranium	Velvety dark green leaves which develop a darker patch in the middle in cool climates.	full sun or part shade	2' x 4'	10.-11	32
Pelargonium tomentosum	peppermint	densely hairy large light green leaves with small sprays or white flowers streaked in pink. Smells of peppermint.	full sun	2' x 5'	9b-11	32

Pelargonium 'Wilhelm languth'		green leaves with white margins. Scarlet flowers on an upright plant.	full sun	3' x 1'		
Pelargonium x hortorum	fancy leaf geranium	various color flowers on upright plants.	sun	2' x 2'		
Pelargonium zonale 'Mrs. Pollock'						
Penstemon digitalis 'Husker red'						
Phlomis fruticosa	yellow Jerusalem sage	showy Mediterranean native with silver grey leaves and tall whorls of butter yellow flowers.	full sun	2 x 5	6. -10	30
Phormium 'Sunset'	New Zealand Flax	upright cultivar with wide leaves in pink tones blending with green & apricot.	sun or shade	5 x 3		20
Plectranthus argentatus	Silver Plectranthus	evergreen perennial silver green leaves. Pale violet flowers in summer & fall. Frost tender.	shade	3 x 6	9.-11	30
Plectranthus madagascariensis	Variegated mintleaf	Trailing green and white fleshy plant with white lilac flowers.	partial shade	1' x 3'	9.-11	30
Plectranthus neochilus	lobster flower	very aromatic succulent herb which generally hugs the ground in full sun. Deep blue/purple flowers appear in spring.	sun or shade	1 x 3	9.-11	30
Rosmarinus officinalis	rosemary	weeping form of classic rosemary plant. Fragrant	sun	3' x 5'		
Rubus idaeus 'Heritage'	Heritage raspberry	double crop of sweet red raspberry in the spring and fall. Spreading.	full sun	4'	4-10b	
Rudbeckia hirta	Black eyed susan	Course hairy plant featuring daisy-like flowers to 3" across. Blooms throughout the summer in golden yellow & brown.	full sun	1 x 3	3 & up	

Salvia africana-lutea	African sage	densely branched shrub with pleasing aromatic fragrance. Copper/brown & rust flowers beautifully accent the green-grey foliage.	full sun	6 x 6		20
Salvia elegans	pineapple sage	Shrubby bright green fragrant leaves & bright red flowers. Smells like pineapples. Edible in cool drinks & fruit salads.	full sun	5 x 5	8.-11	20
Salvia gesneirflora	tequila'	Tropical looking emerald heart shaped leaves with large upright bloom spikes in bright red.	sun or shade	10' x 10'	8.-11	20
Salvia microphylla	small leaf sage	dense green shrub with profuse flower spikes of bright red, pink or white.	full sun	3' x 4'	7.-11	
Salvia microphylla 'hot lips'	hot lips sage	white & red bicolor flowers	full sun	3' x 3'	8-10.	
Salvia microphylla 'Mesa azure'	light purple sage					
Salvia spathacea	hummingbird sage	semi-evergreen herbaceous perennial with applr green foliage and hot pink upright flower spikes. Slightly sticky to the touch with a pleasing aromatic quality.	cool sun	2 x 5	8.-11	10
Salvia x 'big swing'	Big Swing Sage	Large velvety green leaves with intense blue flower spikes.	sun or part shade	2' x 2'	8.-11	34
Sansevieria cylindrica	Spear Sansevieria	smooth narrow lightly banded green leaves with a point at the top.	cool sun	3 x 3		35
Schefflera arboricola 'Variegata'	Variegated umbrella plant	large upright plant with wide palmate green & yellow leaves.	cool sun or light shade	10' x 8'	9.-11	32

Sedum carnicolor		Mound forming grey & pink succulent plant. Colors are most intense when given full sun.	full sun	1' x 2'		32
Sedum rubrotinctum 'pork and beans'	pork & beans	bright green leaves with deep red tips.	full sun	>1 x 2	9a-11	32
Sedum rupestre 'Angelina'	golden sedum	rapidly growing evergreen with succulent foliage growing prostrate. Foliage changes from orange to golden yellow.	sun or shade	<1 x 2	3 & up	0
Sempervivum tectorum 'Greenii'	hens and chicks	green rosette with little offshoots give this plant it's common name.	sun	<1 x 2'	9 & up	32
Stachys byzantina	lamb's ear	low growing groundcover of wooly white pointed leaves. Purplish-pink flowers appear in summer. Native to Turkey & Iran.	sun or shade	1 x 5	4 & up	-30
Strelitzia reginae	Bird of Paradise	evergreen perennial forming tall clumps of long bluish-green leaves held upright. Orange & blue crested flowers appear up to 6' tall.	full sun	6' x 6'	10.-11	30
Syringa vulgaris hybrid	Luther Burbank French Lilac	fragrant shrub spreads freely. From the Santa Rosa home of Luther Burbank.	full sun	6 x 6	4.-10	
Tillandsia	airplant	ASSORTED				
Tradescantia Fluminensis 'Blushing bride'		trailing plant with green & pink leaves which turn white as they age.	shade		.9-11	33
Tradescantia fluminensis 'Variegata'						

Tradescantia pallida 'Purple Heart'	Purple Spiderwort	popular trailing houseplant in makes a beautiful groundcover. Small pink flowers appear in the joints of the leaves. Frost tender, but root hardy to 10 degrees.	full sun	1 x 4	6 & up	25
Tradescantia zebrina 'Purpusii'		purple with green grey painted leaves. Keep moist, but well drained.	sun or shade	trailing	9.-11	33
